

5-3-23

Dear Doctor Lauren Michelle Wolchok:

Thank you for your concern over Angela Maria Orellana Sanchez's mental state. She was at the Rochelle Adult Care Center in the Pico Union neighborhood in Los Angeles. This morning she had another dramatic episode. She threw objects and scared the residents and staff. They called the police - this is the third time the police were called in 7 Days. She is now in the ER at the LA Community Hospital in LA (323-267-0477).

The doctors there will speak only to her doctor. Can you please speak to the ER doctors about her condition and let us know what is happening. I also enclose the Brights application but there is no opening until June.

Thank you very much,

Margarita Hernandez
